- ➡ Register and assist our effort to save \$Millions for municipalities around the world who are unknowingly subsidising the Exclusive Brethren.
- ➡ Check our database of Meeting Rooms (coming shortly) and submit additions and/or corrections.
- ➡ If you know of an EB Meeting Room, send us address details and photos!

Who are Peebs.Net?

We are a group of concerned individuals who have all been hurt by a group known as the Exclusive Brethren.

This web site has been in operation since early 2004 and we have two major objectives:

- ➡ We use the Truth as our weapon. Our site motto is "The Truth will set you free" and we aim that at those who remain trapped inside. We are committed to helping Escapees free themselves from the clutches of the Exclusive Brethren.
- ➡ We want to have free access to see our families again. We have children that we are not allowed to contact. We have parents that we cannot talk to. We have grandchildren we have never seen. We are not told of loved-one's deaths. We are not invited to their funerals. We want the Exclusive Brethren gates unlocked and the ability to have normal human interaction with our families.

We will not stop our campaigns and activities until we have convinced the Exclusive Brethren that they are utterly wrong to rip our families apart.

All are no longer welcome in Rochester, New York

Once a simple Gospel Hall where windows would glow an evening Welcome. The board outside gave an invitation to all.

Now a windowless fortress ... the 'Welcome' is long gone. Bleak. Locked. Gated. Fenced. And this is a Public Place of Worship?

Municipality Campaign - Exclusive Brethren Meeting Halls

Inside, they are like no other 'church' you have ever seen. Since the 1960's, most Exclusive Brethren Meeting Rooms had chairs arranged in concentric circles. The old boards proclaiming "All are Welcome" are long gone. They are replaced by bleak 'Brethren Meeting Room' signs that offer no sense of welcome or warmth.

Today, like their corporate personality, Exclusive Brethren Meeting Rooms face inward... into themselves.

Seating arrangements are specific. Whether you sit on the first circle or the second is of vital importance to ranking within the community. If you are a woman, you will have no choice - women are relegated to the rear.

For almost 40 years, the Exclusive Brethren have locked their doors once a service commences. When you combine this with the raising of traffic defences and locking the high steel gates, it is almost a miracle that there has not been serious loss of life from a fire or other disaster while the Meeting Room is occupied.

This typical Exclusive Brethren arrogance demonstrates a flagrant disregard of even the most rudimentary safety precautions and would prevent emergency vehicles attending a potential scene. We recommend that municipality officials investigate all EB Meeting Rooms for this reason alone.

The background reason for the EB Door Locking is obliquely referred to on the [Exclusive Brethren website](#) - "the doors shut where the disciples were". This strange and obviously dangerous doctrine ignores the historical fact that this scripture was written of the time immediately following the crucifixion of Jesus Christ when the disciples were afraid that they would be next. Not only is this irresponsible behavior, it is based on a scripture taken ridiculously out of context.

To lock their doors during services completely underlines the reason for this campaign - the Exclusive Brethren make it abundantly clear that

What does Peebs.Net contain?

We have a comprehensive News Desk that gathers News from around the world.

We have a Guestbook that is used by many to re-establish contact with friends and loved-ones who have lost contact over the years.

We have a very busy Bulletin Board which has a number of public Forums and many hidden member-only areas where ex-Exclusive Brethren get to talk openly about their experiences with those who truly understand - other ex-EB.

There is a growing Library of information ranging from News Archives to important documents and stories of life on the 'inside'.

We will be adding Search capabilities and new information areas for those wishing to try understand the true nature of the Exclusive Brethren.

There are stories of the local 'Hopefuls' standing in the Lobby area waiting for their names to be called from the 'Ranking Roster'. Expressions of relief will accompany hearing their names called and those who are not summoned into the Inner Circle will try to hide their discomfiture.

Rankings are based on perceived acceptability - sometimes referred to as being 'Approved'. The internal politics of the Exclusive Brethren dictate who is 'Front Row' and who is not.

Over the past few years, the Exclusive Brethren have mandated that the current 'Man of God' be nominated as a Trustee for all Exclusive Brethren Meeting Rooms. The intent behind this world-wide coup is to ensure that never again can an Exclusive Brethren Meeting Room be 'lost' as the result of a serious rift within the ranks.

This makes Bruce David Hales, the current 'Elect Vessel' or 'Man of God' a beneficiary Trustee of real estate worth many hundreds of millions of dollars. Real estate that you, the public, subsidise as these little fortresses are unbelievably designated as 'Places of Public Worship'!

they are not open to the public. They do not want you to attend their services. They do not want you to be able to even reach their locked doors.

Watching the arrival of Exclusive Brethren at one of their 'Fellowship Meetings' is quite an occasion. Each arriving vehicle is met by a 'Security' official who ensures the visitors are genuine EB. If not, they will be turned away - violently if necessary.

If you are not Exclusive Brethren, you are not invited!

Exclusive Brethren Meeting Rooms should not receive tax-exemption!

Exclusive Brethren Meeting Halls are not public places of worship.
